Interview

# Saeed Aliabadi

Freelance Motion Designer

Iran

## Summary

I'm an ambitious creative designer based in Birjand, South Khorasan, Iran.

My love for 3D and the creative industry was born way before that though. The creative fields I'm most into are 3D-modeling, texturing, motion graphics And rendering.

In addition to 3D design, I also work on the following :

UI/UX

Logo/Icon designer

Brand Development

Promotional Graphics

---

## Onibin

### Founder & CDO

January 2017 - 2019 (2 years)

Birjand, South Khorasan , Iran

Onibin one of our startups in educational content that offers a variety of topics like lifestyle and personal development. the purpose of this website is to create a free platform for users to enjoy the highest quality of content and at the same time learn more about things they want to know in their everyday life

## IMIA Developers Team

### Co-Founder & Senior Designer

February 2015 - 2019 (4 years)

Birjand, South Khorasan, Iran

Some of our activities in IMIA include web designing and programming, mobile applications, web and mobile interface, and motion graphics.

## South Khorasan Science & technology Park

### Technical Expert and Evaluator of Knowledge Base Companies

January 2017 - December 2017 (1 year)

Birjand, South Khorasan, Iran

I also have had the experience of a technical expert and evaluator of knowledge-based companies in the field of digital content and animation. Factors such as (level of technology - company proficiency over technical knowledge - products and services offered - expert human resources - teamwork, etc.) have an impact on how a company can become a knowledge company.
